

SODIUM HYPOCHLORITE (NaOCl)

Manufacturer:

ASM Chemical Industries Ltd.

Factory:

Tepir Bari, Bormi Road,

Sreepur, Gazipur, Bangladesh

Tel : 06825-55093-6

Fax : 88029881481

E-mail :project@asmchemical.com

Website: www.asmchemical.com

In Case of Emergency:

Telephone: 06825-55093-6

1. PRODUCT NAME

Sodium Hypochlorite (NaOCl)

2. PROPERTIES

01.	Physical Appearance	Colorless to yellowish liquid.
02.	Odor	Chlorine-like odor.
03.	pH value	9 - 10 (Neutral solution-no excess NaOH)
04.	Solubility	100 % soluble in water.
05.	Density	1.07 - 1.19 g/l

3. SPECIFICATIONS

	Characteristics	Unit	Value
01.	Appearance	-	Colorless to yellowish liquid.
02.	Density	g/l	1.07 – 1.19
03.	Sodium hypochlorite (as NaOCl)	% w/v	12.5 Min
04.	Sodium Hydroxide (as NaOH)	% w/v	1.2

4. PACKAGING

ASM sodium Hypochlorite is available in plastic drums of 250.0 kg capacity & Tanker

Other packagings are available on request

5. USES

Sodium Hypochlorite widely used in Pulp & Paper Industry, Textile Industry, Laundry, House hold & water treatment etc..

6. HANDLING & STORAGE

It is desirable use personal protective equipment while handling Sodium Hypochlorite
Sodium hypochlorite stored in cool place not exceeding 20⁰C, Keep away from sunlight & acid.
